

Index

Preface	IX
Foreword	XI
Introduction	1
Development of the larynx	5
VIII week of pregnancy	5
Organisation and shape of the laryngeal primordium.....	5
Identification of compartments in the glottic region.....	5
Structures in the compartments of the glottic region at this stage of development.....	6
XI week of pregnancy	19
General organisation of the larynx.....	19
Organisation of Broyles tendon and of the ventral musculo-tendinous system.....	19
Primordium of the commissure muscle.....	19
XIV week of pregnancy	27
General organisation of the larynx.....	27
Glands and superficial vessels of the glottis region.....	27
Organisation of Broyles tendon and of the ventral musculo-tendinous system.....	28
XXI week of pregnancy	37
Glands and superficial vessels of the glottic region.....	37
Deep blood vessels of the glottic region.....	37
Organisation of Broyles tendon and of ventral musculo-tendinous system.....	38
Primordium of the commissure muscle.....	38
XXIII week of pregnancy	49
Identification of future diffusion pathway of laryngeal cancer.....	49
XXXIII week of pregnancy	67
Organisation of the larynx and clinical correlations.....	67
Conclusions	77
The compartmental surgery of the larynx.....	77
